INFRASTRUCTURE[a]
MAINTENANCE AND REPAIR OF PUBLIC WORKS

Editors and Conference Organizers
ALAN H. MOLOF and CARL J. TURKSTRA

CONTENTS

Introduction. *By* ALAN H. MOLOF vii

Rebuilding Our Infrastructure: Keynote Address. *By* MARIO M. CUOMO ... 1

Part I. Public Works Infrastructure: Government Policies and Perspectives
Edward Regan, *Chair*

Federal Perspectives on Public Works Infrastructure: One Person's View from the Executive Branch. *By* DAVID G. MATHIASEN 5

Look Ahead, Never Back. *By* RICHARD J. SULLIVAN 12

General Discussion 15

Preserving New York State's Transportation Infrastructure. *By* JAMES L. LAROCCA 18

Infrastructure: Local Government Role. *By* CARL S. YOUNG 21

Infrastructure Issues Facing the City of New York. *By* ROBERT F. WAGNER, JR. 27

General Discussion 34

New York City's Infrastructure: Luncheon Address. *By* EDWARD I. KOCH 37

Part II. Financing Public Works Infrastructure
Peter C. Goldmark, Jr., *Chair*

Introduction. *By* PETER C. GOLDMARK, JR. 42

Financing the Nation's Infrastructure Requirements. *By* ROGER J. VAUGHAN 45

Creative Financing of the Infrastructure. *By* ROBERT A. LAMB 54

[a] This volume is the result of a symposium entitled New York Conference on the Infrastructure: Maintenance and Repair of Public Works held on December 5–7, 1983 and sponsored by the Department of Civil and Environmental Engineering of the Polytechnic Institute of New York, the New York State Legislative Commission on Science and Technology, and The New York Academy of Sciences in cooperation with the American Society of Civil Engineers, the Business Council of New York State, the New York Chamber of Commerce and Industry, the New York City Partnership, the New York State Society of Professional Engineers, the Office of the Governor—State of New York, the Office of the Mayor—City of New York, the Office of the Speaker—New York State Assembly, and the Port Authority of New York and New Jersey.

Financing New York City's Infrastructure. *By* MARK PAGE 59
General Discussion 64

Part III. State Legislative Initiatives for Infrastructure Maintenance
Joseph Ferris, *Chair*

Introduction. *By* JOSEPH FERRIS 66
Legislation Needed for the Construction, Operation, and Maintenance of Our Public Buildings. *By* JOHN C. EGAN 69
Legislation Needed to Rehabilitate Our Water and Sewer Infrastructure. *By* HENRY G. WILLIAMS 82
General Discussion 86

Part IV: Impact of Infrastructure Maintenance and Repair on Current Standards
Satoshi Oishi, *Chair*

Introduction. *By* SATOSHI OISHI 89
Bridge and Highway Standards. *By* BERNARD HABER 91
Impact of Infrastructure Maintenance and Repair on Current Environmental Design Standards. *By* MARTIN LANG 96
Structural Standards Activities Related to the Infrastructure. *By* JAMES H. PIELERT and CHARLES G. CULVER 104
General Discussion 113

Part V. Establishing Maintenance Policies
Charles M. Smith, Jr., *Chair*

A Consultant's Response to Mandated Maintenance Policies: Or Developing Maintenance Strategies to Protect Facilities Investments. *By* ROBERT R. RUHLIN 118
Infrastructure Maintenance Strategies: Governmental Choices and Decision Methodologies. *By* BRUCE G. STEINTHAL 139
Strategies for Winter Maintenance of Pavements and Roadways. *By* L. DAVID MINSK and ROBERT A. EATON 155
General Discussion 168

Part VI. Impact of Emerging Technologies on Civil Engineering Education and Research
William S. Butcher, *Chair*

Educating Civil Engineers for Leadership Roles in Public Works. *By* DOUGLAS WRIGHT 169
Educating Engineers for Rebuilding Rather Than Building. *By* ROBERT D. HANSON 176
Artificial Intelligence–Based Methods for Infrastructure Evaluation and Repair. *By* STEVEN J. FENVES 182

Fire Technology and Urban Systems. *By* PAUL R. DECICCO 194

Part VII. Infrastructure Reconstruction—A Different Technology
Eugene J. Fasullo, *Chair*

Rebuilding Bridges: A Different Engineering Problem. *By* HERBERT ROTHMAN 204

Pavement Rehabilitation: Evaluating, Recycling, and Extending Useful Life. *By* ALFRED F. GRIMALDI. 215

Changing Pavement Construction Techniques and Materials to Meet Changing Needs. *By* JACK R. CROTEAU 228

Aging Water Supply Systems: Repair or Replace? *By* D. KELLY O'DAY.... 241

Breathing New Life into Aging Transit Systems. *By* ERLAND A. TILLMAN and GIRARD L. SPENCER..... 259

Nondestructive Evaluation of Infrastructure Conditions. *By* GEORGE A. MATZKANIN, LEWIS S. FOUNTAIN, and OREN TRANBARGER 268

Our Water Infrastructure: Luncheon Address. *By* S. RUSSELL STEARNS 304

Part VIII. Innovative Solutions—Case Studies
Michael J. Skelly, *Chair*

Highlights of the East River Bridge Rehabilitation Program. *By* GEORGE ZAIMES 308

Development and Use of a Geographical Date Base for Houston, Texas. *By* CHARLES H. DRINNAN 316

New York Metropolitan Transportation Authority Infrastructure Program. *By* JOHN M. KAISER..... 334

Modifying Operational and Structural Components of Existing Water Supply Systems to Increase Capacities. *By* JOHN P. LAWLER, FELIX E. MATUSKY, FRANCIS M. MCGOWAN, and JOHN F. LARKIN..... 343

Index of Contributors 369

Financial assistance was received from:

- CONSTRUCTION INDUSTRY FOUNDATION • WESTCHESTER AND PUTNAM COUNTIES
- MARINE MIDLAND BANK
- O'BRIEN AND GERE ENGINEERS, INC.
- L. F. ROTHSCHILD, UNTERBERG, TOWBIN

The New York Academy of Sciences believes that it has a responsibility to provide an open forum for discussion of scientific questions. The positions taken by the participants in the reported conferences are their own and not necessarily those of The Academy. The Academy has no intent to influence legislation by providing such forums.
